

UNIVERSAL OCTO LNBF

OK

LNBFKU8W

Octo Universal LNB with LTE Protection & excellent signal quality via 8 LNBF outputs

A high performance LNB which optimizes the signal strength of 8 digital satellite receivers. It receives digital satellite signals in excellent HD high-quality. With its compact housing and extra light weight weather and wind are no disturbing factors. Low noise figures and the particularly robust and high performing technology make the LNBFKU8W a reliable and essential part of modern TV equipment.

- 8 LNBF outputs
- Low Power Consumption
- Easy installation
- Excellent performance
- 100% Water Leak Proof

TECHNICAL DATA: LNBFKU8W

Outputs	8
Connectors	Tipo F
Impedance (Ohm)	75
Input Frequency (GHz)	10.7~11.7 (low band) 11.7~12.75 (high band)
Output Frequency (MHz)	950~1950 (low band) 1100~2150 (high band)
F/D Ratio	0.5~0.7
Crosspolarisation Isolation (dB)	>20 min
Noise Figure (dB)	0.7 (typical)
Conversion Gain (dB)	55 (typical)
Dc Power Consumption (mA)	300 Max
Operative Voltage Vertical Pol. (V)	11.5-14
Operative Voltage Horiz. Pol. (V)	16-19
Operative Temperature	-40°C~+60°C
Diameter (mm)	40
Weight (g)	413
